

### **\*Update june 10**

The backline spaces will open again from Monday 15 June. Also with the restriction of a maximum of 5 people per room. Only in backlinespace 14 can rehearse 6 people. A maximum of 1 singer remains the norm for the time being. Preferably bring your own mike.

---

The Viadukt will open again on 1 June. But in a restricted way.

First we open the spaces for the bands that have a reservation for an empty rehearsalspace and use their own equipment. When it is possible to open the backline spaces again, we will indicate this via the site and the social media channels. Reservations can be made from June 1 in the normal times and manner. For extra information mail or call [info@viadukt.nl](mailto:info@viadukt.nl) | 050 3130379

This is a living document and will be updated with changes in measures.

### **General guidelines for employees, volunteers and tenants**

- You do not come to Het Viadukt during fever and flu symptoms
- You keep 1.5 meters away from everyone and act accordingly
- Wash your hands regularly with soap and water
- Cough and sneeze in the inside of your elbow
- Use paper towels

### **Routing**

There is a routing in the corridors so that no one passes each other at less than 1.5 meters. The routing is arranged in such a way that if everyone keeps to the right, everyone moves at a safe distance from each other.

Het Viadukt feels responsible to facilitate the tenant in complying with the RIVM rules and to remind them of their responsibility as a tenant and as the organizer of their rehearsal. Het Viadukt is not a supervisor within the rehearsal rooms. The tenant is aware of the RIVM guidelines and will act accordingly.

The canteen of Het Viadukt is open again. Consumptions can also be consumed in your own space and outside because there is enough space there to keep a distance of 1.5 meters. Checkout preferably takes place with contactless pin payment.

### **The practice rooms**

A maximum number of band members may be present per rehearsal room in order to maintain the 1.5 meter distance. The manager will indicate this per room and this will also be indicated on the door of the room. At least 5 people can rehearse in the rooms and 1 room is suitable for 6 people.

In the rehearsal room, the floor indicates how to adhere to the 1.5 meter distance. It is the tenant's responsibility to point this out to all band members.

Be aware that singing is very likely to pose a greater risk of contamination. Sing behind the screen or don't sing! An investigation is currently underway into the contamination risks of singing. Until the result of that research it is not allowed to sing with others. In other words, **a maximum of 1 singer**. The Viadukt has made 'singing screens' and 1 screen is available per room.

### **Hygiene and cleaning.**

The manager will ensure that the rehearsal room is clean at the start of each rehearsal, ensure that sufficient disinfectants are used and that the floors, door

handles and other contact surfaces are cleaned regularly. In addition to normal cleaning, the toilets are also cleaned more often.

The toilets have been adapted in such a way that only one toilet or urinal can be used within each toilet block. In each toilet block, disinfectant is available to clean the toilet before use and there is the option to wash your hands with soap and water and dry with paper towels.
